

## **Supervised Ministries At-A-Glance**

This document is your map of program information for our department. The sheet also identifies, in general, ways to get started with the programs, who to contact, and that kind of information. This “At-A-Glance” is designed to serve as an introduction to Supervised Ministries’ programs. It is not a full description of any Supervised Ministries’ program and does not replace the Orientations offered each spring. We trust this information will be helpful.

Feel free to contact the Office with any questions about the programs, including requirements and procedures.
